Foot Comfort Conducive to Happiness

Your happiness to a large extent depends upon the condition of your feet. Therefore, do not subject them to unbearable shoes.

Besides standing many weary hours you also have a great deal of walking to do.

It is, therefore, no small task your feet are required to perform, and they should certainly be encouraged to serve your lifetime by housing them in the best footwear you can purchase.

"INVICTUS" shoes give real comfort because of their glove-fitting qualities.

Besides this, you are assured of a distinctive style in every "INVICTUS" model.

Thus you secure style and comfort.

What more could you ask for?

Light By Electricity

Didsbury assumed quite a gay appearance on Saturday night last when the streets were lighted for the first time in its history by electricity. The current was supplied by the new dental lighting on Thursday night but the street lights were not quite ready by that time. Mr. Ryer, who has had charge of the installation of the plant from its inception, and who is now in charge of the maintenance, was the recipient of congratulations from a large number of ratepayers for the excellent way in which the lighting worked right from the start. The lights have only been out four minutes during lighting hours from the time the switch was put on Thurs night, and the only trouble was a little adjustment. If the plant keeps in this record and gives a red and eight light as at present the ratepayers will have very little to object to. We hope to be able to publish a full description of the system together with photographs next week.

WHEN HE USED DODD'S KIDNEY PILLS FOR RHEUMATISM

Basque man tells of quick relief after the use of softening pills.
Holbeck, Sask.—Among the many on the prairies who are shouting the praises of Dodd's Kidney Pills none speak with more enthusiasm than Mr. Max Systrom, a well-known resident of this place.

"I suffered from Rheumatism for three years," Mr. Systrom says, "I had constant trouble with a dull pain around my heart. My case was a serious one and several times I doubted if recovery was possible, but after taking Dodd's Kidney Pills cured me completely."

"I can truly and honestly recommend Dodd's Kidney Pills as a remedy for cases of Rheumatism. They cleared out all my aches and pains as if by magic."

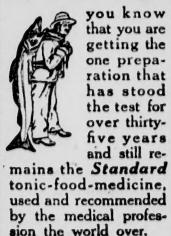

Rheumatism is caused by uric acid in the blood. The Kidney Pills are right they strain all the uric acid out of the blood. Dodd's Kidney Pills make the kidneys right. That is why they never cure Rheumatism and kindred diseases.

THE "TRIUMPH"—BRITAIN'S CHAMPION MOTORCYCLE

Although this is our first Mail Order announcement of Motorcycles and Automobile Supplies, we are by no means unfamiliar with this branch of business. As an organization we probably number more men possessing first-hand experience with motor engines than any in the country. We have a splendidly equipped Garage and Motor Sales Department, where information of the most practical nature has been gathered for some years past. Our buyers in their travels become familiar with all the American and British models, so that we have a wealth of experience to guide us in selecting the Motorcycles best suited to Western Canada.

Our final choice gives us two machines that are absolutely the highest grade in the market, possessing speed, reliability and endurance in an unusual way. We have priced them at our customary narrow margin of profit, and we offer them for sale supported by our liberal guarantee—money back in full if not satisfactory on arrival.

WE SELL THE CELEBRATED CHALMERS AUTOMOBILE IN MANITOBA. WRITE US FOR DESCRIPTION OF THE CHALMERS "30" at \$1,950.00.

NOTE PARTICULARLY

We have in stock at Winnipeg a complete line of Automobile Supplies and Repairs. Every purchaser of our Motor Cycles or Automobiles can depend on us for protection on this important point.

The year 1912 will see an enormous increase in the number of Motor Cycles used in Western Canada. Last year the West led the world in speed and demonstrated most forcibly that the Motor Cycle has taken front rank as a reliable and rapid means of travel over Western roads.

Our 1912 prices will make the Motor Cycle a present possibility to hundreds of men, who have heretofore not given it serious consideration. We shall be pleased to hear from men who can use a Motor Cycle for business or pleasure, and who have the cash to pay for one at our very reasonable prices. Full information on request.

The president, Mr. John Bellamy, gave a very interesting account of the discussions at the Edmonton convention, after which he attended as delegate, while the vice-president, Mr. Alex Robertson, left off in what proved to be a most interesting an animated discussion.

Chief subjects discussed were the half insurance question, seed grain, the high freight rates, the tariff on implements, the implement committee, the pork packing plant, etc. etc.

Before the meeting dispersed six districts were appointed, namely, Messrs. J. Hughes, Albert Vogel, Mr. Bellamy, J. H. Gosegood, W. Stickney and C. Jacobson. It was also decided to hold the meetings monthly on the last Friday of each month in the Westcott school house, commencing at 8 p. m. sharp.

BURN CAUSED OPEN SORE

Zam-Buk Worked a Wonderful Cure.

Sometimes a bad burn, a deep cut, or some similar mishap, sets up a permanent injury. In that case an open discharging sore. In such cases Zam-Buk will be found of unequalled value.

J. Nixon, of 901 William Ave., Winnipeg, a blacksmith of the C.P.R. shops, had his foot badly burned by some molten metal falling upon it. He says: "The burn was a very bad one, and I had a deep, discharging, open sore, which showed marked signs of blood-poisoning. It discharged freely and caused me terrible agony. For weeks I could not sleep, and I could get no ease. At last I obtained a preparation from the doctor, which seemed to stop the discharging, and made me more comfortable, but still the wound began to heal as bad as ever."

"I was then advised to use Zam-Buk, and from the first application the inflammation was thoroughly checked, and the poisonous matter cleared away in a very short time after beginning with Zam-Buk. Healing then began, and in less than two weeks the wound was thoroughly cured."

One of the main lessons of this case lies right here—try Zam-Buk first for any burn, cut, discharging or sore. Don't spend money and waste time in experiments. Zam-Buk is equally good for piles, blood poisoning, chronic rheumatism, cold sores, chronic eruptions, scalp sores, varicose ulcers, chilblains, etc. All druggists stock it at low cost or post free from Zam-Buk Co., Toronto, Ont. You are warned against harmful substitutes and inferior preparations.

Constipation and Its Cure.—When the excretory system fails to perform their functions properly the intestines become clogged. This is known as costiveness and if neglected gives rise to dangerous complications. Paroxysms of pain are the only symptom of a speedy cure. At the first intimation of this ailment the sufferer should procure a packet of the pills and put them in a small bag of treatment. The good effects of the pills will be almost immediately evident.

Skin All Covered With Eruption

Tried Many Remedies 3 or 4 Years. Cuticura Soap and Ointment Cured.

A Quebec man, N. Henri Tardif, of St. Casimir, writes in a letter dated Mar. 31, 1911: "I had a very bad skin, as covered with eruptions, and I had to cover my head, both my shoulders covered with it, and the high part of my arms, and my face, but it did not stop there. I had tried many different remedies to cure it, but nothing was any good. At last I went to see a doctor, Dr. Williams' Pink Pills, and he was promised to my ill for he thought it might prove fatal. However, he finally decided to take the pills. In the doctor's time she showed some improvement and felt like eating. From that time on she began to eat a steady. Gradually she got well, and the flowers became bright, the swelling in the limbs went down, and her heartbeats became regular. I told my wife she was going to be all right, and she was. She is as strong and healthy as any girl of her age, and to see her you would never think she had ever had any skin trouble, from which none of her friends thought she could recover. You gave my sincerest thanks for what Dr. Williams' Pink Pills have done for my daughter, and you may be sure I shall always recommend them."

HER DAUGHTER SAVED

STRICKEN WITH ACUTE RHEUMATISM—RECOVERY SCARCELY EXPECTED

Mrs. Dolina J. Lawlor, writing from Oxbow, Sask., says: "I would be lacking in gratitude if I did not write to you to let you know that my daughter, Mrs. Henri Tardif, is now safe and well again, thanks to your Dr. Williams' Pink Pills. I have done for my daughter, Henriette, Lawlor, what I could not do myself, and now that they have been the means of saving her life. For many years my home has been in Bruce Mines, Ont. Something like a year ago my son and daughter then about 18 months old, fell for the west. When leaving home, my daughter was in the best of health, but in the following spring she was stricken with a severe and inflamed rheumatism in its worst form. After a few weeks she was unable to get up, but her hands and fingers were so swollen that she could not dress herself. She continued in this way for some time, and then a second attack, worse than the first, set in and my son and daughter, as they were very weak, while I was getting ready to make the trip of eighteen hundred miles I got a second message to come at once, as their fever could not be reduced. When I reached her I found her even worse than I had expected. She was so weak and exhausted that I could not have her down bed, and I could not get her to speak in a whisper. Her hands and fingers were all twisted and her limbs swollen to twice their natural size. The doctor told me she would be bedfast for six months, and she seemed steadily growing worse. We did not dare move her to bed for fear of her not getting out again. I had to get a cold water bag to her feet and face always cold. We had to fan her continually, and if we ceased for only a little while she would gasp and stop breathing. I could not think that if possible she could get better. She suffered such pain that I used to go out of the room and put my fingers to her head to stop her from crying and screaming. I had known before of Dr. Williams' Pink Pills and as we could gradually see her sinking I told my son we had no choice but to try the pills. He was promised to my ill for he thought a change in the medicine might prove fatal. However, he finally decided to take the pills. In the doctor's time she showed some improvement and felt like eating. From that time on she began to eat a steady. Gradually she got well, and the flowers became bright, the swelling in the limbs went down, and her heartbeats became regular. I told my wife she was going to be all right, and she was. You gave my sincerest thanks for what Dr. Williams' Pink Pills have done for my daughter, and you may be sure I shall always recommend them."

"Electric Dams" to Ward Off Hail

Paris, Jan. 31.—The Comte de Beauchamp, a distinguished physician, is being hailed as one of the greatest benefactors of agriculture that France has ever known, owing to his discovery of a really efficacious destroyer. Some time ago the count made the discovery that hail cannot form when there is no electricity in the air, and he has invented a long series of experiments in which he has succeeded in perfecting an instrument somewhat like a lightning director, which has the effect of draining the atmosphere of any electricity with which it is charged.

In some time past this hail destroyer has been working with perfect success in rural districts particularly subject to hail storms, which it is estimated cost the farmers and fruit growers of the country not less than \$40,000,000 a year. The surrounding districts have fared so well that storms the districts affected by the count's instrument "electric dams" he calls them have been missing, the hail being converted into rain before it reached the ground.

Assisted by these results, the Paris municipal council has decided on an installation in the capitol of a system of hail destroyers, which will be erected at three of the highest points of the city, namely, at the sun dial, the cathedral, the Sénat and the Pantheon forming a vast protective triangle. Not only Paris but a large tract of the surrounding country, in which are grown most of the fruit and vegetables consumed by the city, will henceforth be protected from the hail.

The cost of the hail destroyer is less than \$1,000. The provinces are following the example of the capitol, and before long it is expected that the entire country will be provided with the count's invention, which has the enthusiastic support of the scientific world.

For Rent

1/2 acres, all new land in summer fall, two acres ready for seed except harrowing, also 200 acres of first-class new hay land. Will lease this land right to good man. The reason for leasing is the ill health of my wife, and we are leaving the country for a time. Farm stock sale will be held on March 16th. F. J. REEK, Sec. 10, T. 31, R. 27, W. 4, Neapolis P. O.
